#### RULES FOR USING THE CERTIFICATE

For the purposes of placing the products on the market, this Certificate may be used within the period of its validity and provided the provisions of the standards, according to which the products have been certificated, remain valid. If the normative documents applicable to the certificated products have changed or new normative documents have been issued, the usability of this Certificate must be reviewed.

This Certificate may only be used as a certificate of the products specified on Pages 1 and 2. This also applies to its use in advertising, promotional and commercial materials. Unauthorised or deceptive use of the Certificate may result in its withdrawal.

It is prohibited to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for the products changed without consent of the Engineering Test Institute, Public Enterprise, in such a way that conformity with the standards specified on the preceding page has been affected.

Certification Body requires the holder of this Certificate to keep records of all the complaints and corrective actions relating to the products covered by this Certificate.
